# MICHAEL ANDERSON

## CORPORATE SUSTAINABILITY MANAGER

Dynamic and results-oriented waste management professional with a decade of experience in corporate sustainability and waste reduction initiatives. Expertise in developing and executing waste management plans that align with corporate social responsibility goals. Proven ability to lead cross-functional teams and drive improvement projects that enhance waste diversion and recycling rates. Strong analytical skills complemented by a deep understanding of waste processing technologies and methodologies.

## **PROFESSIONAL EXPERIENCE**

### **Global Tech Corporation**

*Mar 2018 - Present*

Corporate Sustainability Manager

- Designed and implemented corporate waste reduction strategies across multiple facilities.
- Managed sustainability initiatives that resulted in a 20% decrease in waste generation.
- Collaborated with suppliers to improve packaging sustainability.
- Conducted training for employees on waste management best practices.
- Monitored and reported on waste management performance metrics to senior leadership.
- Led initiatives to achieve ISO 14001 certification for environmental management.

### **EcoFriendly Solutions**

*Dec 2015 - Jan 2018*

Waste Reduction Specialist

- Assessed waste management practices for corporate clients and provided actionable recommendations.
- Developed customized waste audits to identify reduction opportunities.
- Facilitated workshops on waste reduction strategies for employees and management.
- Collaborated with product development teams to design eco-friendly products.
- Tracked and reported on waste reduction progress for client projects.
- Utilized software tools to model waste management scenarios and outcomes.

## **ACHIEVEMENTS**

- Achieved a 50% increase in recycling rates within the organization.
- Recognized for innovative waste management practices by industry peers.
- Successfully led a project that saved \$500,000 in waste disposal costs.
