Proactive Headless CMS Developer with a focus on the fintech industry, bringing over 5 years of experience in creating secure and efficient content management systems that meet the regulatory demands of financial services. My technical expertise includes developing headless CMS solutions that integrate seamlessly with core banking systems, facilitating real-time content updates and enhancing customer communication.

WORK EXPERIENCE

Headless CMS Developer | FinTech Development Corp.   Jan 2022 – Present

- Created a headless CMS that integrated with banking systems, improving content management efficiency by 45%.
- Collaborated with compliance teams to ensure all content met regulatory standards.
- Utilized analytics tools to track user engagement and inform content strategy.
- Conducted training for staff on the new CMS features, enhancing adoption rates.
- Managed system updates and security protocols to protect sensitive data.
- Documented processes and best practices for future reference.

Junior CMS Developer | Banking Innovations LLC   Jul 2019 – Dec 2021

- Assisted in developing a headless CMS for financial services, enhancing content accessibility for users.
- Participated in user testing sessions to gather feedback for system improvements.
- Documented technical specifications and user guides for training purposes.
- Supported the integration of customer communication tools with the CMS.
- Engaged in regular meetings to discuss project timelines and deliverables.
- Conducted testing to ensure compliance with industry standards.
