Michael Anderson

POLICY ANALYST

Strategic Health Campaign Coordinator with a strong foundation in policy advocacy and program evaluation. With over 9 years in the public health sector, I have a proven ability to influence health policy and drive positive changes within communities. My experience includes working with various stakeholders to develop health policies that address systemic barriers to healthcare access.

EXPERIENCE

POLICY ANALYST

Public Health Policy Institute

2016 - Present

- Conducted policy research that informed health initiatives impacting over 500,000 residents.
- Developed reports summarizing findings and recommendations for stakeholders.
- Collaborated with government officials to advocate for health policy changes.
- Facilitated community forums to gather input on health priorities and concerns.
- Evaluated the impact of implemented health policies through data analysis.
- Prepared presentations for policy briefings and public discussions.

HEALTH PROGRAM EVALUATOR

Community Health Solutions

2014 - 2016

- Designed and implemented evaluation frameworks for health programs.
- Analyzed program data to assess effectiveness and areas for improvement.
- Presented findings to stakeholders, facilitating data-driven decision-making.
- Collaborated with program managers to enhance service delivery based on evaluation results.
- Conducted surveys and focus groups to gather qualitative feedback.
- Authored articles on health evaluation best practices for industry publications.
