EDUCATION

MASTER OF SCIENCE IN INFORMATION SECURITY, TECH UNIVERSITY; BACHELOR OF SCIENCE IN COMPUTER SCIENCE, STATE UNIVERSITY

ACHIEVEMENTS

- Successfully reduced data breach incidents by 30% through proactive security measures.
- Recipient of the 'Excellence in Project Management' award in 2021.
- Implemented a new security framework that led to a 50% increase in compliance audit scores.

PROFILE

Innovative Health Cybersecurity Specialist with a robust background in applying advanced technologies to protect healthcare data. Possesses a rich blend of technical acumen and strategic insight, enabling the design of effective cybersecurity frameworks tailored to the complexities of the healthcare landscape. Demonstrates proficiency in cloud security, endpoint protection, and data encryption techniques, ensuring the integrity and confidentiality of patient information.

EXPERIENCE

HEALTH CYBERSECURITY ARCHITECT

MedTech Innovations

2016 - Present

- Designed and implemented a multi-layered security architecture for healthcare applications.
- Conducted regular security audits to assess compliance with healthcare regulations.
- Implemented advanced encryption technologies to safeguard sensitive patient data.
- Collaborated with software development teams to integrate security into the software development lifecycle.
- Developed incident response strategies to address potential data breaches.
- Provided guidance on secure cloud deployment for healthcare solutions.

CYBERSECURITY PROJECT MANAGER

HealthSafe Corp.

2014 - 2016

- Managed cybersecurity projects focused on the protection of electronic health records.
- Coordinated cross-departmental teams to implement security enhancements.
- Developed metrics to measure the effectiveness of cybersecurity initiatives.
- Led training sessions to promote best practices in data protection.
- Oversaw the implementation of security tools to monitor network traffic.
- Engaged with stakeholders to ensure alignment with organizational cybersecurity goals.
