- Community engagement
- Policy evaluation
- Research design
- Data visualization
- Report writing

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**MASTER OF SOCIAL WORK (MSW), NEW YORK UNIVERSITY**

### ACHIEVEMENTS

- Developed a community health assessment tool implemented in multiple localities.
- Contributed to policy changes that improved access to mental health services.
- Recognized for outstanding community service by local health organizations.

### PROFILE

Results-driven Health Policy Analyst with 5 years of experience in evaluating healthcare policies and their social impacts. My background in social work informs my understanding of the systemic barriers to healthcare access and drives my dedication to advocating for vulnerable populations. Skilled in quantitative and qualitative research methods, I excel at analyzing complex data sets to inform policy recommendations.

### EXPERIENCE

#### HEALTH POLICY ANALYST

##### Community Health Alliance

*2016 - Present*

- Conducted impact assessments of local health policies on underserved populations.
- Collaborated with community organizations to gather data on healthcare accessibility.
- Prepared policy briefs and presentations for local government meetings.
- Utilized GIS mapping tools to visualize health service gaps in the community.
- Developed surveys to collect community feedback on health initiatives.
- Analyzed health disparities and proposed actionable policy recommendations.

#### ASSOCIATE HEALTH POLICY ANALYST

##### Public Health Department

*2014 - 2016*

- Assisted in the evaluation of health programs funded by state grants.
- Conducted literature reviews to support policy development initiatives.
- Collaborated with academic researchers to analyze health outcome data.
- Facilitated stakeholder meetings to discuss policy impacts and receive feedback.
- Drafted reports summarizing research findings for public distribution.
- Supported grant applications to secure funding for health-related projects.
