# MICHAEL ANDERSON

## HEALTH RESEARCH ANALYST

Enthusiastic Health Research Analyst with a focus on behavioral health research and community engagement. Over 4 years of experience in qualitative and quantitative research methods, emphasizing the impact of mental health initiatives. Proficient in conducting surveys, focus groups, and interviews to gather valuable insights. Strong advocate for mental health awareness and policy change, with a proven ability to influence community stakeholders.

## **PROFESSIONAL EXPERIENCE**

### **Community Health Network**

*Mar 2018 - Present*

Health Research Analyst

- Conducted qualitative research to assess community needs regarding mental health services.
- Utilized NVivo for thematic analysis of focus group discussions, identifying key trends.
- Collaborated with mental health professionals to develop community outreach programs.
- Presented research findings at community forums, fostering stakeholder engagement.
- Developed surveys that improved participant response rates by 35%.
- Monitored program outcomes and provided recommendations for improvement.

### **Behavioral Health Institute**

*Dec 2015 - Jan 2018*

Research Intern

- Assisted in conducting research projects on the efficacy of mental health treatments.
- Gathered and analyzed data on patient experiences through surveys and interviews.
- Supported the development of educational materials for community health initiatives.
- Provided administrative support for research meetings and project coordination.
- Engaged with community members to promote awareness of mental health resources.
- Compiled research findings into reports for stakeholders and funders.

## **ACHIEVEMENTS**

- Received 'Community Impact Award' for outstanding contributions to mental health initiatives.
- Increased community participation in programs by 50% through targeted outreach strategies.
- Contributed to a research publication on mental health stigma reduction strategies.
