ACHIEVEMENTS

- Increased telehealth adoption rates by 50% within the first year of program launch.
- Recognized by the state health department for contributions to telehealth accessibility.
- Published a white paper on the impact of telehealth on chronic disease management.

PROFILE

Accomplished Health Technology Consultant specializing in telemedicine and remote patient monitoring solutions, with a robust background in healthcare delivery systems. Expertise in evaluating and deploying technology solutions that promote accessibility and enhance patient engagement. Proven ability to lead multidisciplinary teams in the design and implementation of telehealth programs that meet regulatory standards and improve health outcomes.

EXPERIENCE

TELEHEALTH IMPLEMENTATION SPECIALIST

Virtual Care Innovations

2016 - Present

- Directed the launch of a statewide telemedicine program, increasing access to care for underserved populations.
- Conducted training sessions for healthcare providers on best practices for telehealth consultations.
- Developed metrics to evaluate the effectiveness of telehealth services.
- Collaborated with technical teams to enhance the telehealth platform based on user feedback.
- Engaged with regulatory bodies to ensure compliance with telehealth guidelines.
- Facilitated focus groups with patients to gather insights on their telehealth experiences.

HEALTH TECHNOLOGY ADVISOR

Healthcare Solutions Group

2014 - 2016

- Provided strategic guidance on the adoption of remote patient monitoring technologies.
- Assisted healthcare organizations in navigating regulatory requirements for telehealth.
- Conducted workshops to educate staff about emerging health technologies.
- Evaluated vendor proposals for telehealth software and hardware solutions.
- Monitored project milestones and ensured alignment with client objectives.
- Developed case studies showcasing successful telehealth implementations.
