MICHAEL ANDERSON

HIE PROJECT MANAGER

Dynamic Health Technology Consultant with a focus on health information exchange (HIE) and interoperability solutions, possessing substantial experience in facilitating data sharing between healthcare entities. Expertise in assessing organizational readiness for HIE implementation and crafting strategic plans that align with healthcare regulations. Demonstrated ability to lead initiatives that enhance data accessibility while safeguarding patient privacy.

PROFESSIONAL EXPERIENCE

Interoperable Health Systems

Mar 2018 - Present

HIE Project Manager

- Managed the deployment of HIE systems across multiple healthcare organizations.
- Conducted needs assessments to identify barriers to data sharing.
- Coordinated training for healthcare staff on HIE functionality and benefits.
- Collaborated with IT teams to ensure data security and compliance.
- Facilitated stakeholder meetings to align project objectives with user needs.
- Monitored system performance and implemented improvements based on feedback.

Data Exchange Solutions

Dec 2015 - Jan 2018

Health IT Consultant

- Advised healthcare providers on best practices for implementing HIE solutions.
- Reviewed and optimized existing data-sharing processes for efficiency.
- Prepared documentation for regulatory compliance and audits.
- Engaged with policymakers to advocate for enhanced data-sharing initiatives.
- Developed training programs to enhance understanding of HIE among staff.
- Evaluated technology vendors for HIE software solutions.

ACHIEVEMENTS

- Achieved a 25% increase in data exchange efficiency among participating organizations.
- Received recognition for contributions to state-wide HIE initiatives in 2022.
- Published research on the benefits of interoperability in patient care.
