

MICHAEL ANDERSON

PRODUCT OWNER

PROFILE

Dynamic Healthcare SaaS Product Manager with a robust background in software development and a strategic approach to product innovation. Expertise in transforming complex healthcare challenges into user-friendly digital solutions that enhance operational efficiencies. Strong analytical skills paired with a keen understanding of market trends and user behavior enable the delivery of products that not only meet but exceed market demands.

EXPERIENCE

PRODUCT OWNER

Innovative Health Systems

2016 - Present

- Directed the development of a patient engagement mobile application, achieving a 35% increase in patient interaction.
- Collaborated with software engineers to define technical specifications and product features.
- Conducted market research to identify user needs and inform product strategy.
- Facilitated stakeholder workshops to prioritize product backlog and roadmap initiatives.
- Implemented feedback loops with users to continuously refine product offerings.
- Monitored industry trends to identify opportunities for product enhancement and innovation.

ASSOCIATE PRODUCT MANAGER

NextGen Health Technologies

2014 - 2016

- Assisted in the launch of a cloud-based EHR system, which improved data accessibility for healthcare providers.
- Supported the creation of user stories and acceptance criteria for product development.
- Engaged with clients to gather insights, translating them into actionable product features.
- Coordinated with QA teams to ensure product quality and compliance with healthcare regulations.
- Developed training materials and conducted user training sessions to support product adoption.
- Analyzed user data to identify trends and inform product development decisions.
