Distinguished Healthcare SaaS Product Manager with over a decade of experience in driving innovative solutions within the healthcare technology sector. Proven track record of leading cross-functional teams to deliver high-impact products that enhance patient care and streamline operational efficiencies. Expertise in product lifecycle management, agile methodologies, and stakeholder engagement, ensuring alignment with market needs and regulatory standards.

## WORK EXPERIENCE

### Senior Product Manager | HealthTech Innovations

Jan 2022 – Present

- Led the development and launch of a cloud-based electronic health record system, achieving a 30% increase in user adoption within the first year.
- Collaborated with UX/UI designers to enhance user interface, resulting in a 25% reduction in training time for new users.
- Conducted market research and competitive analysis to identify new product opportunities, contributing to a 15% growth in market share.
- Managed a cross-functional team of developers, QA testers, and marketing professionals to ensure timely product releases.
- Implemented feedback loops with healthcare providers to continually refine product features and functionality.
- Utilized Agile methodologies to streamline product development processes, enhancing team productivity by 20%.

### Product Manager | MedSolutions Inc.

Jul 2019 – Dec 2021

- Oversaw the product roadmap for a suite of telehealth applications, increasing patient engagement by 40%.
- Developed and executed go-to-market strategies that resulted in a 50% increase in sales within the first six months.
- Facilitated workshops with healthcare professionals to gather insights for product enhancements, leading to a 35% improvement in customer satisfaction ratings.
- Analyzed user data to identify trends and inform product development decisions, enhancing feature relevance.
- Coordinated with legal and compliance teams to ensure adherence to healthcare regulations and standards.
- Presented product updates and performance metrics to executive leadership, securing continued investment for product development initiatives.
