MICHAEL ANDERSON

HEALTHCARE APPLICATION DEVELOPER

Innovative Healthcare Software Engineer with extensive experience in developing and implementing software solutions that cater to the unique needs of the healthcare industry. Proficient in utilizing modern programming languages and frameworks to create applications that improve healthcare delivery and enhance patient care. Demonstrates a strong understanding of healthcare regulations and compliance requirements, ensuring that all software solutions adhere to industry standards.

PROFESSIONAL EXPERIENCE

NextGen Health   *Mar 2018 - Present*
Healthcare Application Developer

- Developed a mobile application that facilitated remote patient monitoring.
- Enhanced existing software by adding new features based on user feedback.
- Worked closely with healthcare providers to ensure software met clinical needs.
- Conducted performance analysis to identify and rectify bottlenecks.
- Participated in code reviews to uphold quality standards.
- Documented software specifications and user manuals for training purposes.

Health Solutions Corp.   *Dec 2015 - Jan 2018*
Junior Software Engineer

- Assisted in the development of a patient scheduling system that improved appointment booking efficiency.
- Supported the integration of new software tools into existing systems.
- Participated in user acceptance testing to ensure functionality and performance.
- Maintained software documentation and user guides.
- Engaged in continuous learning to stay updated on healthcare technology trends.
- Collaborated with senior developers to enhance coding skills and best practices.

ACHIEVEMENTS

- Increased user satisfaction ratings by 35% through software enhancements.
- Contributed to a project that received a national award for innovation in healthcare technology.
- Developed training materials that improved onboarding efficiency for new users.
