## SKILLS

- C#
- SQL
- Agile
- Cloud Solutions
- User Experience Design
- Software Testing

## EDUCATION

**BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY, UNIVERSITY OF FLORIDA**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Increased patient data processing speed by 30% through software optimization.
- Received a commendation for excellence in project management.
- Developed a training program that improved user satisfaction ratings by 25%.

# Michael Anderson

## SENIOR APPLICATION DEVELOPER

Strategic Healthcare Software Engineer with a robust background in developing innovative applications that enhance operational efficiencies within healthcare settings. Expertise in full software development life cycle, from requirements gathering to deployment and support. Known for applying best practices in software engineering to deliver high-quality solutions that address the evolving needs of the healthcare industry.

## EXPERIENCE

### SENIOR APPLICATION DEVELOPER

HealthSphere Technologies

2016 - Present

- Developed a comprehensive health information system that streamlined patient data management.
- Led a team in implementing agile methodologies to enhance project delivery.
- Designed user interfaces that improved accessibility for healthcare professionals.
- Integrated advanced analytics tools to support clinical decision-making.
- Conducted training workshops for healthcare staff on new software functionalities.
- Oversaw quality assurance processes to maintain high software standards.

### SOFTWARE ENGINEER

CareLink Technologies

2014 - 2016

- Assisted in the development of a health monitoring application that increased patient adherence to treatment plans.
- Engaged with stakeholders to gather requirements and feedback.
- Performed system analysis to identify areas for enhancement.
- Participated in code reviews to ensure best practices were followed.
- Maintained detailed technical documentation for software applications.
- Provided ongoing support and troubleshooting for end-users.
