## SKILLS

- Public Engagement
- Educational Program Development
- Social Media
- Data Management
- Communication Skills
- Research Support

## EDUCATION

**B.S. IN PHYSICS, UNIVERSITY OF ARIZONA, 2016**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Increased community engagement in space science events by 50% in one year.
- Recognized for outstanding contributions to public outreach by The Planetary Society.
- Developed a popular online series on solar phenomena with over 10,000 views.

# Michael Anderson

## PUBLIC OUTREACH COORDINATOR

Enthusiastic Heliophysicist with 5 years of experience in solar research and public engagement. Focused on bridging the gap between complex heliophysics concepts and community understanding. Skilled in outreach initiatives aimed at increasing public awareness of solar activity and its effects on technology and daily life. Adept at using social media and digital platforms to disseminate information effectively.

## EXPERIENCE

### PUBLIC OUTREACH COORDINATOR

The Planetary Society

2016 - Present

- Developed educational programs focused on solar phenomena for schools and community events.
- Utilized social media to share insights on space weather and its implications.
- Organized public lectures and workshops on heliophysics and its relevance.
- Collaborated with educators to create engaging curriculum resources.
- Conducted surveys to assess public interest and understanding of heliophysics.
- Engaged with local media to promote awareness of solar research initiatives.

### RESEARCH ASSISTANT

University of Arizona

2014 - 2016

- Assisted in research projects focusing on solar wind and its effects on Earth's atmosphere.
- Maintained databases of solar data for ongoing research analysis.
- Contributed to the preparation of scientific papers for publication.
- Supported the organization of workshops and seminars on space weather.
- Helped develop educational materials to engage students in heliophysics.
- Participated in outreach activities to promote the university's research initiatives.
