SKILLS

- Telecommunications Power Systems
- Project Coordination
- Troubleshooting
- Compliance
- Technical Documentation
- Team Collaboration

EDUCATION

BACHELOR OF SCIENCE IN ELECTRICAL ENGINEERING, CITY UNIVERSITY

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Contributed to a project that improved power reliability by 15%.
- Recognized for outstanding performance during my internship.
- Developed a new process for faster project documentation, reducing time by 20%.

Michael Anderson

HIGH VOLTAGE POWER ENGINEER

Proactive High Voltage Engineer with 4 years of experience in the telecommunications sector, focusing on high voltage power systems for communication networks. My role involves designing and maintaining reliable power solutions that support critical infrastructure. I have a strong technical acumen and a passion for problem-solving, which enables me to address challenges efficiently.

EXPERIENCE

HIGH VOLTAGE POWER ENGINEER

Telecom Power Solutions

2016 - Present

- Designed high voltage power distribution systems for telecommunications facilities.
- Conducted site assessments to evaluate power requirements for new installations.
- Coordinated with contractors to ensure timely project delivery.
- Performed routine maintenance and troubleshooting on high voltage systems.
- Documented engineering processes and maintained project records.
- Collaborated with engineering teams to enhance system reliability.

ELECTRICAL ENGINEERING INTERN

Network Solutions Corp.

2014 - 2016

- Supported the design of high voltage systems for communication networks.
- Assisted in the installation and testing of power equipment.
- Participated in safety training related to high voltage operations.
- Collected data for system performance analysis.
- Helped prepare documentation for project compliance.
- Gained hands-on experience with testing equipment and tools.
