MICHAEL ANDERSON

ORGANIC FARMING EDUCATOR

A passionate Horticulture Educator with a focus on organic farming and sustainable practices, bringing 8 years of hands-on experience in educational program development. Expertise in creating engaging, interactive learning experiences that promote environmental stewardship and healthy living. Proven ability to work collaboratively with various stakeholders, including community organizations and educational institutions, to design impactful programs.

PROFESSIONAL EXPERIENCE

Harvest Education Center

Mar 2018 - Present

Organic Farming Educator

- Created educational workshops on organic gardening techniques.
- Conducted community outreach to promote healthy eating and gardening.
- Collaborated with local farms to provide hands-on training opportunities.
- Developed online resources for remote learning and engagement.
- Led volunteer programs to establish community gardens.
- Evaluated participant feedback to improve program offerings.

City Community College

Dec 2015 - Jan 2018

Horticulture Instructor

- Delivered courses on sustainable agriculture and plant science.
- Implemented hands-on learning experiences in greenhouse settings.
- Advised students on horticulture projects and research.
- Organized community events to showcase student work.
- Utilized technology to enhance classroom learning experiences.
- Promoted student engagement through innovative teaching methods.

ACHIEVEMENTS

- Increased community garden participation by 30% through outreach.
- Developed a successful organic gardening course with over 100 participants.
- Received the Local Hero Award for contributions to community health.
