## SKILLS

- Plant Pathology
- Pest Management
- Research Development
- Curriculum Design
- Community Outreach
- Scientific Publishing

## EDUCATION

PHD IN PLANT PATHOLOGY,  
AGRICULTURAL UNIVERSITY, 2008

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Published over 20 articles in high-impact journals.
- Received the Teaching Excellence Award for innovative curriculum design.
- Increased student enrollment in horticulture courses by 60%.

# Michael Anderson

## ASSOCIATE PROFESSOR OF HORTICULTURE

A seasoned Horticulture Educator specializing in plant pathology and integrated pest management with over 14 years of experience in higher education. Expertise in developing research-driven curricula that enhance student understanding of plant health and pest control. Proven ability to mentor students and foster a research-oriented learning environment. Strong experience in collaborating with agricultural extension services and industry partners to address real-world challenges in horticulture.

## EXPERIENCE

### ASSOCIATE PROFESSOR OF HORTICULTURE

State University of Agriculture

2016 - Present

- Developed and taught courses on plant pathology and pest management.
