EDUCATION

**BACHELOR OF SCIENCE IN
AGRICULTURAL EDUCATION, STATE
UNIVERSITY, 2015**

ACHIEVEMENTS

- Increased workshop attendance by 40% through targeted outreach efforts.
- Awarded 'Community Leader' recognition for contributions to urban gardening.
- Successfully implemented a mentorship program for new gardeners, improving their success rates.

PROFILE

Dynamic horticulture trainer with extensive experience in agricultural education and community outreach. A proven record of developing tailored training programs that address the unique needs of urban and rural horticulturalists. Skilled in engaging participants through practical demonstrations, interactive workshops, and collaborative learning environments. Expertise in integrating technology into training sessions to enhance learning outcomes and facilitate knowledge transfer.

EXPERIENCE

HORTICULTURE TRAINING COORDINATOR

Urban Green Spaces

2016 - Present

- Coordinated training programs for over 200 urban gardeners, focusing on sustainable practices.
- Developed partnerships with local organizations to promote community gardening initiatives.
- Facilitated training sessions on pest management and organic farming techniques.
- Utilized digital platforms for remote training and resources distribution.
- Evaluated training effectiveness through participant surveys and follow-up assessments.
- Organized community events to showcase successful gardening projects.

AGRICULTURAL EDUCATOR

Rural Development Institute

2014 - 2016

- Designed and delivered educational programs for farmers focusing on crop rotation and soil health.
- Conducted field demonstrations to illustrate best practices in horticulture.
- Provided one-on-one consulting to farmers to improve crop yields.
- Collaborated with agricultural extension services to enhance training reach.
- Participated in regional conferences to share insights on horticultural education.
- Authored training materials and resources for ongoing education.
