

# MICHAEL ANDERSON

## HOUSING FEASIBILITY CONSULTANT

### PROFILE

Accomplished Housing Feasibility Analyst specializing in the intersection of urban planning and economic development. Extensive experience in evaluating housing projects through rigorous analytical frameworks, enabling data-driven decision-making. Recognized for the ability to synthesize complex data sets into coherent strategies that promote sustainable community growth. Proven expertise in engaging with diverse stakeholders, including government agencies, developers, and community organizations, to align project goals with public interests.

### EXPERIENCE

#### HOUSING FEASIBILITY CONSULTANT

##### Innovative Solutions Group

2016 - Present

- Conducted feasibility assessments for mixed-use development projects.
- Analyzed demographic and economic data to inform project viability.
- Facilitated community meetings to gather input and address concerns.
- Developed comprehensive reports outlining key findings and recommendations.
- Collaborated with architects and planners to optimize design for market appeal.
- Implemented project tracking systems to monitor progress and outcomes.

#### URBAN PLANNER

##### City Planning Department

2014 - 2016

- Evaluated land use proposals to ensure compliance with zoning laws.
- Conducted site assessments to identify potential development challenges.
- Developed strategic plans to enhance urban housing initiatives.
- Coordinated interdepartmental efforts to streamline project approvals.
- Prepared presentations for city council meetings to advocate for housing projects.
- Utilized urban simulation software to model potential impacts of developments.
