MICHAEL ANDERSON

SENIOR HTML DEVELOPER

I am a seasoned HTML Developer with over 8 years of experience in developing web applications for the healthcare industry. My expertise lies in building secure and compliant websites that meet industry regulations. I have a strong background in collaborating with cross-functional teams to deliver innovative solutions that enhance patient engagement and streamline operations.

PROFESSIONAL EXPERIENCE

HealthTech Innovations

Mar 2018 - Present

Senior HTML Developer

- Led the development of secure web applications compliant with HIPAA regulations.
- Designed and implemented user interfaces that improved patient engagement by 40%.
- Collaborated with UX designers to enhance user experience across various platforms.
- Oversaw the migration of legacy systems to modern web solutions.
- Conducted performance testing and optimization, achieving a 20% faster load time.
- Developed training materials for end-users and staff on new system functionalities.

MediWeb Solutions

Dec 2015 - Jan 2018

HTML Developer

- Created and maintained responsive web pages for healthcare providers.
- Worked with APIs to integrate patient management systems into web platforms.
- Collaborated with backend developers to ensure data integrity and security.
- Participated in user acceptance testing to gather feedback for improvements.
- Monitored website analytics to identify areas for optimization.
- Provided technical support and troubleshooting for web applications.

ACHIEVEMENTS

- Improved patient portal usage by 50% through enhanced design and functionality.
- Recognized for outstanding contributions to system upgrades and efficiency improvements.
- Received the Employee Excellence Award for exceptional project delivery.
