

MICHAEL ANDERSON

HTML Developer

- San Francisco, CA
- (555) 234-5678
- michael.anderson@email.com

As a highly motivated HTML Developer with 7 years of experience in the non-profit sector, I specialize in creating websites that promote social causes and engage communities. My work focuses on developing user-friendly and accessible web solutions that help organizations reach their goals. I have a strong background in collaborating with various stakeholders, including volunteers and community leaders, to understand their needs and translate them into functional web applications.

WORK EXPERIENCE

HTML Developer | Community Connect

Jan 2022 – Present

- Developed and maintained websites for various social justice initiatives using HTML and CSS.
- Collaborated with community leaders to gather requirements for new web features.
- Implemented responsive design to ensure accessibility for all users.
- Created engaging content that increased community engagement by 50%.
- Conducted workshops to teach digital skills to community members.
- Managed website updates and ensured content was current and relevant.

Web Developer Volunteer | Non-Profit Network

Jul 2019 – Dec 2021
