MICHAEL ANDERSON

DIGITAL MEAL SPECIALIST

Innovative Humanitarian MEAL Specialist with a strong focus on utilizing technology to enhance monitoring and evaluation processes in humanitarian settings. Possesses a comprehensive understanding of data management systems and the application of digital tools to streamline data collection and analysis. Proven track record in developing and implementing mobile data collection strategies that improve field data accuracy and timeliness.

PROFESSIONAL EXPERIENCE

Tech for Good

Mar 2018 - Present

Digital MEAL Specialist

- Developed mobile data collection tools to enhance field data accuracy.
- Trained staff on the use of digital platforms for monitoring and evaluation.
- Analyzed real-time data to provide actionable insights for program adjustments.
- Facilitated workshops on integrating technology into MEAL processes.
- Collaborated with IT teams to enhance data management systems.
- Created user-friendly dashboards for reporting program outcomes.

Emergency Response Initiative

Dec 2015 - Jan 2018

MEAL Officer

- Implemented monitoring systems utilizing digital tools for data collection.
- Conducted training sessions for field staff on new technologies.
- Analyzed program data to inform decision-making and improve outcomes.
- Engaged beneficiaries through mobile feedback mechanisms.
- Produced comprehensive reports on program impact and lessons learned.
- Led efforts to enhance data sharing among stakeholders.

ACHIEVEMENTS

- Increased data collection efficiency by 50% through the implementation of mobile tools.
- Recognized for excellence in integrating technology into MEAL practices.
- Developed partnerships with tech firms that enhanced program delivery.
