### ACHIEVEMENTS

- Awarded the Outstanding Service Award for excellence in humanitarian programming.
- Implemented a nutrition program that reduced malnutrition rates by 30% in targeted communities.
- Successfully secured funding for a health initiative that expanded services to an additional 20,000 individuals.

### PROFILE

Accomplished Humanitarian Program Manager with a robust background in emergency response and recovery operations within the non-profit sector. Demonstrates extensive experience in program design and implementation, with a focus on health and nutrition interventions in vulnerable populations. Proficient in leveraging analytical skills to assess community needs and utilize evidence-based approaches for program improvement.

### EXPERIENCE

#### HEAD OF HUMANITARIAN RESPONSE

##### Relief International

2016 - Present

- Led humanitarian response initiatives in regions affected by conflict, coordinating with local governments and NGOs.
- Designed and implemented health programs that served over 50,000 beneficiaries in remote areas.
- Managed program budgets, ensuring adherence to financial regulations and reporting requirements.
- Conducted field assessments to identify emerging health crises and resource gaps.
- Developed training modules for health workers, enhancing service delivery and community outreach.
- Presented program updates to stakeholders, ensuring transparency and accountability.

#### PROJECT OFFICER

##### World Health Organization

2014 - 2016

- Supported the implementation of public health initiatives in emergency settings, focusing on maternal and child health.
- Collaborated with local health authorities to strengthen health systems and improve service delivery.
- Monitored program progress through data collection and analysis, reporting findings to senior management.
- Facilitated community engagement activities to raise awareness of health issues.
- Contributed to the development of strategic plans for health interventions in crisis-affected areas.
- Assisted in the preparation of donor reports and proposals, enhancing funding opportunities.
