BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING, STATE UNIVERSITY

ACHIEVEMENTS

- Received 'Best New Developer' award at Innovatech for outstanding contributions to app projects.
- Successfully led a team project to develop a budgeting app, achieving 4.5 stars on the app store.
- Contributed to an open-source project that gained recognition in the developer community.

PROFILE

Enthusiastic Hybrid Mobile App Developer with 3 years of experience in designing and implementing mobile applications for both iOS and Android platforms. My journey in app development began with a passion for creating interactive user experiences and has evolved into a rewarding career. I specialize in using React Native and NativeScript to build applications that are not only functional but also user-centric.

EXPERIENCE

MOBILE DEVELOPER

Innovatech

2016 - Present

- Developed mobile applications using React Native, enhancing user experience and functionality.
- Conducted user testing sessions to gather feedback and iterate on app designs.
- Collaborated with cross-functional teams to define project scopes and timelines.
- Implemented responsive layouts and interactive elements, resulting in a 30% increase in user engagement.
- Analyzed app performance metrics to inform future development decisions and improve functionality.
- Maintained code quality through rigorous testing and debugging processes, reducing app crashes by 15%.

JUNIOR APP DEVELOPER

NextGen Apps

2014 - 2016

- Assisted in the development of a mobile app for a local business that increased client sales by 50% within three months.
- Participated in daily stand-ups and contributed to sprint retrospectives to improve team processes.
- Utilized Git for version control and collaborated with designers to create user-friendly interfaces.
- Worked on integrating payment gateways, improving transaction success rates significantly.
- Participated in code reviews, gaining valuable feedback to enhance coding skills and practices.
- Provided technical support and troubleshooting for users, enhancing customer satisfaction.
