Michael Anderson

MOBILE APP LEAD DEVELOPER

Innovative Hybrid Mobile App Developer with a focus on e-commerce applications. With over 6 years of experience in the tech industry, I have developed a keen understanding of user needs in the retail space. My expertise lies in creating mobile applications that streamline shopping experiences and enhance customer engagement. I have successfully led projects from concept to launch, ensuring alignment with business objectives.

EXPERIENCE

MOBILE APP LEAD DEVELOPER

ShopSmart Solutions

2016 - Present

- Led the development of a mobile shopping app that increased user retention by 40%.
- Implemented features such as push notifications and personalized user experiences to boost sales.
- Worked with marketing teams to define app launch strategies and promotional campaigns.
- Managed a team of developers, ensuring timely delivery and adherence to quality standards.
- Conducted A/B testing to refine app features and improve user engagement metrics.
- Utilized analytics tools to monitor app performance and inform future updates and improvements.

E-COMMERCE MOBILE DEVELOPER

RetailTech Inc.

2014 - 2016

- Developed and launched a mobile app for a retail client, achieving a 30% increase in online sales within the first quarter.
- Collaborated with UX designers to create an intuitive shopping experience for users.
- Integrated payment gateways and security features to enhance user trust and app credibility.
- Participated in user feedback sessions to identify pain points and improve app functionalities.
- Maintained documentation for project processes and app updates, ensuring clarity for future development.
- Provided ongoing support and troubleshooting for users, enhancing customer satisfaction.
