Proactive Hybrid Mobile App Developer with a focus on travel and tourism applications. With over 5 years of experience in mobile development, I have a proven track record of creating engaging and user-friendly applications that enhance the travel experience. My expertise includes utilizing frameworks like Flutter and React Native to build applications that seamlessly integrate with various travel services.

WORK EXPERIENCE

Mobile App Developer | TravelTech Innovations   Jan 2022 – Present

- Designed and developed a travel planning app that increased user registrations by 45%.
- Integrated booking systems and real-time updates for enhanced user convenience.
- Collaborated with UX/UI designers to create engaging and intuitive interfaces.
- Utilized user feedback to refine app features and improve overall satisfaction.
- Conducted thorough testing to ensure app functionality across multiple devices.
- Maintained documentation for development processes and user guides, ensuring clarity for future updates.

Junior Mobile Developer | Wanderlust Apps   Jul 2019 – Dec 2021

- Assisted in the development of a travel booking app that achieved over 100,000 downloads in the first three months.
- Collaborated with designers to enhance user interface and experience based on user research.
- Participated in user testing sessions to gather feedback for continuous improvement.
- Worked on integrating social media sharing features to enhance app visibility.
- Maintained code quality through regular reviews and updates.
- Provided customer support to users, improving the app's reputation and user satisfaction.

SKILLS

Flutter   React Native   JavaScript   User Experience   Travel Technology   Agile
