# MICHAEL ANDERSON

## IAM ENGINEER

Results-driven IAM Engineer with over 5 years of experience in managing identity and access management systems for financial institutions. Expertise in ensuring compliance with regulatory requirements while enhancing system security. Proficient in using IAM tools like Ping Identity and IBM Security Identity Governance. Strong problem-solving skills and a deep understanding of cybersecurity risks and mitigation strategies.

## **PROFESSIONAL EXPERIENCE**

### **FinanceSecure Ltd.**

*Mar 2018 - Present*

#### IAM Engineer

- Implemented Ping Identity for secure access management, protecting sensitive customer data.
- Collaborated with cybersecurity teams to develop identity protection strategies that reduced breach attempts by 40%.
- Conducted risk assessments and audits to ensure compliance with financial regulations.
- Designed user provisioning workflows that improved operational efficiency by 35%.
- Provided IAM support and troubleshooting for users, enhancing overall user satisfaction.
- Participated in developing training materials for staff on IAM policies and procedures.

### **WealthGuard Services**

*Dec 2015 - Jan 2018*

#### IAM Support Specialist

- Assisted in the deployment of IBM Security Identity Governance, ensuring seamless integration with existing systems.
- Conducted user access reviews and identified potential security risks.
- Supported IAM projects by gathering requirements and coordinating with stakeholders.
- Managed user accounts and access permissions to maintain data integrity.
- Developed IAM documentation and user guides for internal use.
- Provided IAM-related training and support to new hires.

## **ACHIEVEMENTS**

- Contributed to a project that achieved a 25% reduction in identity-related security incidents.
- Awarded Employee of the Quarter for exceptional contributions to IAM initiatives.
- Developed a user feedback system that improved IAM processes by incorporating user suggestions.
