Michael Anderson

E-COMMERCE IAM ENGINEER

Experienced Identity and Access Management Engineer with a strong focus on e-commerce security, bringing 9 years of experience in developing and implementing IAM solutions that protect user data and enhance customer trust. I have a proven ability to design secure access controls and authentication mechanisms that comply with industry standards. My expertise extends to integrating IAM solutions with various e-commerce platforms and ensuring seamless user experiences.

EXPERIENCE

E-COMMERCE IAM ENGINEER

ShopSecure Inc.

2016 - Present

- Developed and implemented IAM solutions for e-commerce platforms to enhance user security.
- Configured authentication mechanisms, including multi-factor authentication.
- Worked with stakeholders to define access policies that meet business needs.
- Conducted security assessments to identify potential vulnerabilities.
- Trained staff on IAM tools and best practices for user data protection.
- Monitored user access patterns to detect and respond to security threats.

SECURITY ENGINEER

Global E-Commerce Corp.

2014 - 2016

- Managed IAM systems to ensure secure access for online customers.
- Participated in incident response activities related to data breaches.
- Developed policies and procedures for user access management.
- Collaborated with development teams to integrate security measures into applications.
- Reviewed and updated IAM configurations regularly to maintain security standards.
- Provided technical support for IAM-related issues.
