### EDUCATION

**Bachelor of Science in Aerospace Engineering**  
University of Washington  
2016-2020

### SKILLS

- Mission Planning
- Satellite Servicing
- Data Analysis
- Stakeholder Engagement
- Compliance Documentation
- Technical Support

### LANGUAGES

- English
- Spanish
- French

### WORK EXPERIENCE

#### In-Orbit Operations Supervisor 2020-2023

Space Operations Group

- Supervised the execution of in-orbit servicing missions, ensuring compliance with operational standards.
- Coordinated with engineering teams to assess satellite performance and readiness.
- Developed mission plans that outlined objectives, resources, and timelines.
- Facilitated stakeholder engagement through regular project updates and feedback.
- Conducted post-mission analyses to evaluate success and identify areas for improvement.
- Maintained comprehensive documentation of mission activities for regulatory compliance.

#### Satellite Systems Analyst 2019-2020

Celestial Innovations

- Analyzed satellite performance data to identify trends and recommend operational improvements.
- Collaborated with cross-functional teams to develop effective servicing strategies.
- Maintained detailed records of operational procedures and compliance documentation.
- Provided technical support during servicing missions, ensuring adherence to protocols.
- Engaged in continuous professional development to enhance technical skills and knowledge.
- Developed training materials for new staff on operational best practices.

### ACHIEVEMENTS

- Coordinated over 18 successful in-orbit servicing missions with a 96% success rate.
- Recognized for excellence in mission planning and execution.
- Implemented a new operational framework that improved efficiency by 12%.
