EDUCATION

BACHELOR OF SCIENCE IN INFORMATION TECHNOLOGY, CLOUD UNIVERSITY

ACHIEVEMENTS

- Implemented a cloud security framework that improved incident response efficiency by 40%.
- Received recognition for outstanding performance in managing critical cloud security incidents.
- Created a cloud security awareness program that increased team knowledge by 30%.

Dynamic Incident Response Engineer with 4 years of experience in the technology sector, focusing on cloud security and incident management. Proven ability to identify vulnerabilities in cloud environments and respond effectively to incidents to minimize downtime. Strong analytical skills combined with proficiency in automation tools that enhance incident response capabilities. Adept at collaborating with development teams to integrate security into the software development lifecycle.

WORK EXPERIENCE

CLOUD INCIDENT RESPONSE ENGINEER
CloudGuard Technologies
2020 - 2025

- Managed incident response for cloud-based security breaches, achieving a 30% reduction in incident resolution time.
- Developed automation scripts to streamline incident detection and response processes.
- Collaborated with DevOps teams to implement security best practices during application deployment.
- Conducted vulnerability assessments on cloud infrastructure and applications.
- Participated in security audits to ensure compliance with industry standards.
- Provided training sessions on cloud security best practices for technical teams.

SECURITY ANALYST
TechOps Innovations
2015 - 2020

- Analyzed security incidents and provided actionable insights for improvement.
- Monitored cloud environments for security threats using advanced detection tools.
- Assisted in the creation of incident response plans tailored for cloud-based services.
- Documented incident response activities and maintained records for compliance purposes.
- Engaged in post-incident reviews to refine response strategies.
- Worked with cross-functional teams to enhance overall security posture.
