Michael Anderson

COMPLIANCE ENGINEER

Detail-oriented Industrial Compliance Engineer with a focus on the automotive sector, bringing 7 years of experience in compliance management and quality assurance. My expertise lies in ensuring that manufacturing processes meet national and international safety standards. I have successfully led teams in conducting audits, implementing corrective actions, and enhancing compliance training programs to improve overall operational efficiency.

EXPERIENCE

COMPLIANCE ENGINEER

AutoParts Inc.

2016 - Present

- Conducted compliance audits for automotive parts manufacturing, ensuring compliance with ISO/TS 16949 standards.
- Developed and implemented compliance training programs for factory staff.
- Analyzed compliance data to identify trends and propose corrective actions.
- Collaborated with engineering teams to integrate compliance requirements into product designs.
- Maintained documentation for compliance activities, ensuring easy access and traceability.
- Supported the preparation of compliance reports for regulatory submissions.

QUALITY ASSURANCE ANALYST

CarMakers LLC

2014 - 2016

- Assisted in the development of quality assurance protocols for automotive components.
- Conducted inspections to ensure compliance with safety regulations.
- Participated in internal audits to assess compliance with industry standards.
- Monitored quality metrics and reported findings to management.
- Supported cross-functional teams in resolving compliance issues.
- Facilitated training sessions on quality assurance practices for new hires.
