## SKILLS

- Data Management
- Renewable Energy Analytics
- SQL
- Power BI
- Data Visualization
- Reporting

## EDUCATION

**BACHELOR'S IN ENVIRONMENTAL SCIENCE, UNIVERSITY OF FLORIDA, 2018**

## LANGUAGE

- English
- Spanish
- German

## ACHIEVEMENTS

- Increased energy efficiency insights by 30% through improved data analytics practices.
- Contributed to a project that achieved a 10% reduction in energy costs.
- Received commendation for developing a new reporting framework for energy data.

# Michael Anderson

## ENERGY DATA ANALYST

Proactive Industrial Data Analyst with over 4 years of experience in the energy sector, specializing in data management and analytics for renewable energy projects. Strong knowledge of energy market dynamics and regulatory frameworks. Proficient in using data visualization tools like Power BI and software languages such as SQL and Python. Holds a Bachelor's degree in Environmental Science.

## EXPERIENCE

### ENERGY DATA ANALYST

Green Energy Solutions

2016 - Present

- Analyzed renewable energy data to optimize power generation strategies.
- Created dashboards in Power BI for visualizing energy production trends.
- Collaborated with project managers to assess project performance metrics.
- Utilized SQL to extract and manipulate energy market data.
- Supported regulatory reporting requirements by ensuring data accuracy.
- Participated in energy audits to identify efficiency opportunities.

### DATA ANALYST INTERN

EcoPower Inc.

2014 - 2016

- Assisted in the analysis of energy consumption data to identify savings opportunities.
- Developed visual reports to present findings to project teams.
- Supported the development of a new energy management system.
- Conducted research on best practices in renewable energy analytics.
- Collaborated with cross-functional teams to gather data requirements.
- Documented processes and findings for future reference.
