EDUCATION

M.S. in Industrial Engineering

University of Innovation

2015

SKILLS

- Innovative Teaching
- Teamwork
- Course Development
- Data Analysis
- Process Improvement
- Mentorship

LANGUAGES

- English
- Spanish
- French

As a passionate Industrial Engineering Educator with over 6 years of teaching experience in higher education, I am dedicated to enhancing student learning through innovative teaching methods and real-world applications. My background in industrial engineering and operations research informs my teaching approach, allowing me to convey complex concepts in an engaging manner.

💼 WORK EXPERIENCE

Lecturer in Industrial Engineering
2020-2023

Metro University

- Designed engaging course content that promotes active learning and critical thinking.
- Implemented group projects to enhance teamwork and communication skills.
- Utilized industry case studies to connect theory with practice.
- Conducted regular assessments to ensure student understanding and progress.
- Participated in workshops to continuously improve teaching practices.
- Organized industry visits to provide students with practical insights into engineering applications.

Operations Analyst
2019-2020

Dynamic Systems LLC

- Analyzed operational data to recommend process improvements.
- Collaborated with engineering teams to implement new systems that reduced costs by 15%.
- Developed reports that detailed operational metrics for management review.
- Facilitated training sessions for staff on new procedures.
- Conducted market research to inform process redesign initiatives.
- Presented findings to stakeholders, influencing decision-making processes.

★ ACHIEVEMENTS

- Increased student engagement in coursework by 25% through interactive teaching techniques.
- Developed partnerships with local industries for student internships.
- Recognized for contributions to curriculum development and enhancement.
