

MICHAEL ANDERSON

SENIOR QUALITY ENGINEER

PROFILE

With over 10 years of experience as an Industrial Quality Engineer, I bring a diverse background in the aerospace and defense industries. My career has been dedicated to ensuring product integrity and compliance with rigorous safety and quality standards. I have successfully led quality assurance initiatives that resulted in significant cost savings and enhanced operational efficiencies.

EXPERIENCE

SENIOR QUALITY ENGINEER

AeroSafe Technologies

2016 - Present

- Managed quality assurance processes for aerospace components, ensuring compliance with FAA regulations.
- Developed and implemented quality control plans that improved product reliability by 40%.
- Conducted root cause investigations and developed corrective actions for non-conformities.
- Trained team members on quality standards and inspection techniques.
- Collaborated with design engineers to review specifications and reduce manufacturability issues.
- Facilitated internal audits to ensure adherence to quality management systems.

QUALITY ASSURANCE SPECIALIST

Defense Systems Corp.

2014 - 2016

- Performed quality audits on production lines to ensure compliance with military standards.
- Assisted in the development of standard operating procedures for critical processes.
- Analyzed quality trends and developed reports for management review.
- Participated in cross-functional teams to drive continuous improvement initiatives.
- Implemented training programs that enhanced employee understanding of quality protocols.
- Monitored supplier performance and conducted evaluations to ensure quality standards.
