# MICHAEL ANDERSON

## QUALITY CONTROL MANAGER

I am an Industrial Quality Engineer with 15 years of experience in the pharmaceutical industry, specializing in quality control and regulatory compliance. My career has been dedicated to ensuring that products meet stringent industry standards and regulations, which has resulted in improved product safety and efficacy. I have a proven track record in leading quality improvement projects that have significantly reduced operational risks and enhanced product quality.

## **PROFESSIONAL EXPERIENCE**

### **PharmaHealth Solutions**

*Mar 2018 - Present*

#### Quality Control Manager

- Oversaw quality control processes for pharmaceutical products, ensuring compliance with FDA regulations.
- Led a team of quality analysts in conducting routine inspections and testing.
- Implemented a risk management framework that decreased product recalls by 25%.
- Developed and maintained quality documentation to support regulatory submissions.
- Conducted training sessions on GMP practices for staff.
- Collaborated with R&D to ensure quality during product development stages.

### **BioTech Labs**

*Dec 2015 - Jan 2018*

#### Quality Assurance Engineer

- Performed quality audits to ensure compliance with ISO 13485 standards.
- Managed CAPA processes and tracked effectiveness of corrective actions.
- Analyzed production data to identify trends and recommend process improvements.
- Facilitated cross-functional meetings to align quality objectives with organizational goals.
- Developed quality metrics to monitor performance and compliance.
- Provided technical support during regulatory inspections.

## **ACHIEVEMENTS**

- Successfully led a project that resulted in a 40% reduction in deviation occurrences.
- Received a Quality Excellence Award from the company for exceptional performance.
- Improved inspection turnaround time by 30% through process optimization.
