Michael Anderson

QUALITY ASSURANCE MANAGER

I am a results-driven Industrial Quality Engineer with a decade of experience in the construction and infrastructure sector. My expertise lies in implementing quality assurance protocols to ensure compliance with industry standards and regulations. Throughout my career, I have developed and executed quality control plans that have minimized risks and improved project outcomes.

EXPERIENCE

QUALITY ASSURANCE MANAGER

BuildRight Construction

2016 - Present

- Oversaw quality assurance activities for large-scale construction projects.
- Developed and implemented quality management plans that improved compliance by 30%.
