I am an accomplished Industrial Quality Engineer with 9 years of experience in the textile and apparel industry. My career has focused on ensuring product quality and adherence to industry standards through comprehensive quality management practices. I have successfully implemented quality assurance systems that have significantly improved product consistency and customer satisfaction.

## WORK EXPERIENCE

### Quality Assurance Lead | Textile Innovations

Jan 2022 – Present

- Led quality assurance initiatives for textile manufacturing, improving product quality by 25%.
- Conducted quality audits and inspections to ensure compliance with industry standards.
- Developed training programs for staff on quality control techniques.
- Collaborated with suppliers to enhance material quality and consistency.
- Managed non-conformance reports and implemented corrective actions.
- Utilized quality management software to track quality metrics.

### Quality Control Inspector | Fashion Forward Apparel

Jul 2019 – Dec 2021

- Performed inspections on finished textile products to ensure quality standards.
- Assisted in developing quality control documentation and procedures.
- Monitored compliance with safety and quality regulations.
- Facilitated training for new hires on quality assurance practices.
- Analyzed inspection data to identify trends and recommend improvements.
- Supported management during quality audits and inspections.
