WORK EXPERIENCE

Network Security Engineer

2020-2023

Digital Security Corp

- Designed and implemented network security architectures to protect organizational data.
- Monitored network traffic using IDS/IPS tools for real-time threat detection.
- Led incident response teams during security breaches, minimizing downtime.
- Conducted regular security assessments of network infrastructures.
- Configured firewalls and VPNs to secure remote access.
- Trained staff on network security protocols and best practices.

Cybersecurity Operations Manager

2019-2020

TechGuard Solutions

- Managed cybersecurity operations to ensure protection of critical assets.
- Developed incident response strategies that improved response times by 25%.
- Oversaw the implementation of security technologies company-wide.
- Conducted security drills to prepare teams for potential incidents.
- Collaborated with IT and legal teams to ensure compliance with regulations.
- Reported security metrics to executive management for strategic planning.

ACHIEVEMENTS

- Reduced network security breaches by 60% through the implementation of advanced monitoring tools.
- Awarded 'Outstanding Performance' for leadership in incident response efforts.
- Successfully led a project that enhanced overall cybersecurity posture organization-wide.
