### SKILLS

- Terraform
- GitLab CI/CD
- AWS
- Azure
- Python
- Bash
- Docker

### LANGUAGES

- English
- Spanish
- French

### EDUCATION

**BACHELOR OF SCIENCE IN  
INFORMATION TECHNOLOGY,  
COLLEGE OF TECH, 2018**

### ACHIEVEMENTS

- Increased deployment frequency by 30% through automation efforts.
- Recognized for exceptional teamwork in cloud migration projects.
- Participated in a project that reduced infrastructure costs by 15%.

### WORK EXPERIENCE

#### INFRASTRUCTURE DESIGNER

Cloud Dynamics

2020 - 2025

- Developed and maintained infrastructure as code using Terraform and GitLab, enhancing operational efficiency.
- Automated deployment processes, reducing lead time by 40%.
- Collaborated with DevOps teams to implement best practices for CI/CD pipelines.
- Monitored and optimized cloud resource usage, leading to a 20% reduction in costs.
- Created documentation for infrastructure changes and deployment processes for future reference.
- Engaged in troubleshooting and resolving infrastructure issues efficiently.

#### JUNIOR CLOUD ENGINEER

Tech Services Co.

2015 - 2020

- Assisted in the migration of on-premises applications to cloud environments.
- Worked with senior engineers to implement infrastructure as code using Terraform.
- Supported the development of automated monitoring solutions for cloud services.
- Participated in team meetings to improve processes and workflows.
- Contributed to documentation efforts to maintain clarity on infrastructure changes.
- Learned and applied best practices in cloud security and compliance.
