SKILLS

- Terraform
- AWS
- Ansible
- CloudFormation
- Jenkins
- Python
- Bash

EDUCATION

BACHELOR OF SCIENCE IN SOFTWARE ENGINEERING, UNIVERSITY OF ENGINEERING, 2015

LANGUAGE

- English
- Spanish
- German

ACHIEVEMENTS

- Improved infrastructure deployment time by 30% through automation.
- Received commendation for leading a successful cloud migration project.
- Achieved cost savings of 20% through resource optimization strategies.

Michael Anderson

CLOUD OPERATIONS ENGINEER

Dedicated Infrastructure as Code Engineer with 7 years of experience in cloud infrastructure and automation. Proficient in using tools like Terraform, AWS CloudFormation, and Ansible to create robust infrastructure solutions. Strong focus on optimizing systems for performance and cost efficiency while ensuring security compliance. Experienced in leading cross-functional teams and managing large-scale projects from concept through implementation.

EXPERIENCE

CLOUD OPERATIONS ENGINEER

Innovatech Solutions

2016 - Present

- Designed and maintained cloud infrastructure using Terraform and AWS, improving scalability.
- Automated deployment processes, resulting in a 35% reduction in time-to-market.
- Conducted regular security assessments and implemented measures to mitigate risks.
- Collaborated with development teams to enhance CI/CD practices.
- Created automation scripts for routine tasks, freeing up team resources.
- Led training initiatives to improve team proficiency in cloud technologies.

INFRASTRUCTURE ANALYST

Tech Innovations Inc.

2014 - 2016

- Supported infrastructure deployment initiatives using CloudFormation and Terraform.
- Assisted in managing cloud resources and optimizing costs through careful monitoring.
- Contributed to the development of internal tools to improve workflow efficiency.
- Engaged in troubleshooting cloud environment issues, ensuring minimal downtime.
- Documented processes for infrastructure provisioning and management.
- Participated in disaster recovery drills and planning activities.
