

MICHAEL ANDERSON

INFRASTRUCTURE ASSET MANAGER

PROFILE

Strategic Infrastructure Asset Manager with extensive experience in public sector asset management, specializing in urban infrastructure development. Renowned for the ability to synthesize complex data and stakeholder inputs into actionable asset management plans that enhance community resilience and sustainability. Skilled in leveraging innovative technologies and methodologies to improve asset performance, reduce lifecycle costs, and maximize public value.

EXPERIENCE

INFRASTRUCTURE ASSET MANAGER

Metropolitan Development Authority

2016 - Present

- Directed asset management strategies for a portfolio of over 300 urban infrastructure projects.
- Implemented GIS-based asset tracking systems that improved data accuracy by 40%.
- Engaged with community stakeholders to align asset management initiatives with public needs.
- Managed budgeting and funding allocation for infrastructure maintenance and upgrades.
- Coordinated disaster recovery planning efforts to enhance infrastructure resilience.
- Facilitated inter-agency collaborations to streamline project approvals and execution.

ASSET COORDINATOR

City Public Works Department

2014 - 2016

- Developed and maintained comprehensive asset management plans for municipal facilities.
- Conducted condition assessments to prioritize maintenance and capital improvement projects.
- Utilized performance metrics to report on asset condition and service levels.
- Supported grant applications for funding infrastructure improvements.
- Collaborated with engineering teams to ensure compliance with municipal regulations.
- Provided training on asset management tools and technologies to department staff.
