

MICHAEL ANDERSON

INFRASTRUCTURE COST ANALYST

PROFILE

Dynamic Infrastructure Cost Analyst with a strong foundation in engineering and finance, dedicated to enhancing the financial viability of infrastructure projects. Expert in utilizing advanced analytical tools and methodologies to assess project costs and financial risks effectively. Proven ability to collaborate with engineering teams to ensure that financial objectives align with technical specifications.

EXPERIENCE

INFRASTRUCTURE COST ANALYST

TechnoBuild Inc.

2016 - Present

- Conducted financial assessments of engineering projects to identify cost-saving opportunities.
- Collaborated with cross-disciplinary teams to align financial and technical project goals.
- Utilized advanced software tools to generate detailed cost reports and forecasts.
- Reviewed contractor bids and negotiated terms to optimize project budgets.
- Performed variance analysis to track project expenditures against budgets.
- Developed financial models to simulate project scenarios and outcomes.

JUNIOR COST ANALYST

City Infrastructure Agency

2014 - 2016

- Assisted in the preparation of project budgets and financial forecasts.
- Gathered and analyzed data to support cost estimation processes.
- Contributed to the development of financial policies and procedures.
- Participated in stakeholder meetings to present financial insights.
- Maintained comprehensive records of project costs and financial transactions.
- Supported the implementation of new financial software across the department.
