### PROFILE

Seasoned Infrastructure Planning Analyst with extensive expertise in urban development and infrastructure optimization. Possesses a profound understanding of the interplay between infrastructure systems and urban dynamics, enabling the formulation of innovative solutions that enhance community resilience and sustainability. A strategic thinker with a proven ability to analyze complex data sets and produce actionable insights that inform infrastructure investments.

### EXPERIENCE

#### LEAD INFRASTRUCTURE PLANNER

##### City of Metropolis

*2016 - Present*

- Directed infrastructure planning initiatives that aligned with the city's long-term vision and goals.
- Collaborated with various departments to integrate infrastructure projects into comprehensive urban development plans.
- Oversaw public engagement efforts, ensuring community input was incorporated into planning processes.
- Utilized GIS tools to analyze spatial data and inform infrastructure decision-making.
- Developed and presented reports on infrastructure needs to city council and stakeholders.
- Secured funding for infrastructure projects through grant writing and proposal development.

#### INFRASTRUCTURE ANALYST

##### Regional Planning Commission

*2014 - 2016*

- Conducted feasibility analyses for proposed infrastructure projects across the region.
- Assisted in the formulation of regional plans that prioritized infrastructure investments.
- Engaged with community stakeholders to gather feedback and refine project proposals.
- Analyzed demographic and economic data to forecast infrastructure needs.
- Prepared detailed documentation for regulatory compliance and funding applications.
- Facilitated workshops to educate stakeholders on infrastructure planning processes.
