

MICHAEL ANDERSON

LEAD INFRASTRUCTURE ANALYST

PROFILE

Dynamic Infrastructure Systems Analyst with a robust background in systems engineering and a focus on implementing scalable infrastructure solutions. Demonstrated ability to facilitate the integration of advanced technologies to support organizational growth and efficiency. Skilled in conducting in-depth analyses to optimize system performance and ensure high availability. Proven experience in collaborating with diverse teams to deliver projects on time and within budget.

EXPERIENCE

LEAD INFRASTRUCTURE ANALYST

Innovative Systems Ltd.

2016 - Present

- Architected and deployed a multi-cloud infrastructure that improved scalability by 50%.
- Performed regular audits and assessments to ensure compliance with security protocols.
- Streamlined backup and recovery processes, reducing downtime by 20%.
- Utilized data analytics to enhance system performance and user experience.
- Collaborated with software development teams to optimize application deployment.
- Mentored junior analysts to enhance team capabilities and knowledge transfer.

SYSTEMS ENGINEER

NextGen Technologies

2014 - 2016

- Developed and implemented network architecture for a 500-user enterprise environment.
- Managed system upgrades, ensuring minimal disruption to business operations.
- Conducted performance tuning for servers, achieving a 30% improvement in response time.
- Documented system configurations and maintenance procedures for future reference.
- Engaged in vendor negotiations to secure competitive pricing for technology solutions.
- Delivered technical training workshops to improve team knowledge on infrastructure tools.
