ACHIEVEMENTS

- Received 'Excellence in Nursing' award for outstanding patient care in the ICU in 2020.
- Implemented a new triage protocol that decreased patient wait times by 30% in the ER.
- Recognized for leading a quality improvement project that improved patient safety metrics by 15%.

PROFILE

Results-oriented Inpatient Care Nurse with 10 years of diverse experience in emergency and critical care settings. Proven expertise in managing high-acuity patients and handling emergency situations with composure and efficiency. Committed to patient advocacy and safety, ensuring adherence to best practices and protocols. Skilled in using advanced medical equipment and technologies to enhance patient monitoring and care.

EXPERIENCE

CRITICAL CARE NURSE

Metro Medical Center

2016 - Present

- Cared for critically ill patients in the ICU, managing complex medical conditions with a focus on stabilization.
- Utilized advanced monitoring systems to track patient vitals and respond to changes in conditions promptly.
- Collaborated with a multidisciplinary team to plan and implement evidence-based care strategies.
- Educated families about critical care processes and provided emotional support during difficult circumstances.
- Participated in code blue emergencies, demonstrating swift decision-making and leadership in critical situations.
- Maintained meticulous documentation in electronic health records, ensuring compliance with hospital policies.

EMERGENCY ROOM NURSE

Eastside Hospital

2014 - 2016

- Assessed and triaged patients in a fast-paced emergency department, prioritizing care based on severity of conditions.
- Administered emergency medications and treatments, achieving timely interventions for critical patients.
- Coordinated care with specialists and support services to optimize patient management.
- Documented patient interactions and care provided in real-time, improving information accuracy and care continuity.
- Trained new staff on emergency protocols and procedures to enhance team readiness and efficiency.
- Contributed to departmental initiatives that reduced patient wait times by 20% through process improvements.
