### WORK EXPERIENCE

#### Surgical Nurse

2020-2023

Advanced Surgical Center

- Provided comprehensive care to patients undergoing surgical procedures, ensuring safety and comfort throughout the process.
- Conducted preoperative assessments and educated patients on surgical protocols and recovery plans.
- Administered medications and monitored postoperative patients for complications and pain management.
- Collaborated with surgical teams to develop individualized care plans based on patient needs.
- Documented patient care activities accurately and in compliance with hospital regulations.
- Participated in quality improvement initiatives that enhanced surgical recovery metrics by 15%.

#### Postoperative Care Nurse

2019-2020

City General Hospital

- Cared for patients in the postoperative unit, focusing on pain management and recovery protocols.
- Assessed patient conditions and reported changes to the surgical team, ensuring timely interventions.
- Educated patients on post-surgical care and recovery expectations, improving satisfaction scores.
- Coordinated with physical therapists to facilitate early mobilization and recovery efforts.
- Trained nursing staff on postoperative care best practices to enhance team competency.
- Implemented a discharge planning process that reduced readmission rates by 20%.

### ACHIEVEMENTS

- Recognized for excellence in patient care in the surgical unit during 2020.
- Implemented a new patient education program that improved recovery outcomes by 25%.
- Received a commendation for reducing postoperative complications through diligent monitoring and care.
