WORK EXPERIENCE

Instructional Designer

2020-2023

Future Educators Academy

- Developed technology integration training for over 100 K-12 teachers, leading to a 50% increase in technology usage in classrooms.
- Collaborated with educators to create engaging lesson plans that incorporate digital resources.
- Designed online modules for teacher professional development, focusing on best practices in technology use.
- Conducted evaluations of training programs to assess impact on teaching practices.
- Facilitated workshops on digital tools for teaching, enhancing teacher confidence and competence.
- Managed a project to implement a new LMS for tracking teacher training progress.

Curriculum Developer

2019-2020

Innovative Learning Solutions

- Created K-12 curriculum guides that aligned with state standards and incorporated technology-enhanced learning.
- Worked with a team to develop assessment tools that measure student learning outcomes.
- Designed interactive learning resources that increased student engagement by 30%.
- Facilitated training sessions for teachers on curriculum implementation and technology integration.
- Evaluated curriculum effectiveness through student performance data analysis.
- Provided ongoing support and resources for teachers to enhance classroom instruction.

ACHIEVEMENTS

- Recognized for developing a training program that received state-level accolades.
- Increased teacher satisfaction ratings by 40% through improved training programs.
- Secured funding for technology initiatives to enhance classroom learning environments.
