WORK EXPERIENCE

Permaculture Designer

2020-2023

EcoPermaculture Solutions

- Designed comprehensive permaculture systems for various agricultural projects, integrating diverse plant and animal species.
- Facilitated workshops that educated over 300 participants on permaculture principles and practices.
- Conducted site assessments to develop tailored permaculture plans for clients.
- Collaborated with local organizations to promote community gardening initiatives.
- Published articles on permaculture techniques in popular agricultural magazines.
- Engaged in community outreach to promote sustainable farming practices.

Sustainable Agriculture Advocate

2019-2020

Green Futures Coalition

- Advocated for sustainable agriculture policies at local and state levels, influencing legislative changes.
- Organized community forums to discuss sustainable farming practices and gather public input.
- Collaborated with farmers to develop and promote sustainable land management strategies.
- Conducted research on the effectiveness of permaculture practices in diverse environments.
- Created educational resources that highlight the benefits of permaculture and organic farming.
- Participated in outreach programs to educate youth about sustainable agriculture.

ACHIEVEMENTS

- Increased community garden participation by 70% through innovative outreach strategies.
- Recognized as a leading permaculture practitioner by the Permaculture Institute in 2020.
- Developed a successful internship program that trained over 50 individuals in permaculture design.
