

# MICHAEL ANDERSON

## PROJECT MANAGER - SMART TRANSPORT INITIATIVES

### PROFILE

Dynamic Intelligent Transport Systems Manager with a robust background in urban planning and smart city initiatives. Expertise in deploying integrated transport solutions that enhance urban mobility and environmental sustainability. Proven track record of leading multidisciplinary teams in the design and execution of large-scale transportation projects. Strong analytical skills complemented by a deep understanding of regulatory frameworks and compliance standards.

### EXPERIENCE

#### PROJECT MANAGER - SMART TRANSPORT INITIATIVES

##### City of Greenfield

2016 - Present

- Oversaw the implementation of smart public transport systems across the city.
- Coordinated with local government and community organizations to align project goals.
- Developed and managed project budgets, ensuring cost-effectiveness.
- Utilized geographic information systems to enhance route planning.
- Engaged in public outreach to educate citizens on new transport options.
- Monitored project progress and reported outcomes to city officials.

#### TRANSPORTATION PLANNER

##### Metropolitan Planning Organization

2014 - 2016

- Conducted feasibility studies for new transit routes and modes.
- Analyzed demographic data to forecast transportation needs.
- Collaborated with engineers to design effective transport solutions.
- Prepared technical reports and presentations for funding proposals.
- Organized community workshops to gather public input on transport projects.
- Coordinated with environmental agencies to assess impact assessments.
