ACHIEVEMENTS

- Recognized as 'Employee of the Month' for outstanding patient care in 2019.
- Led a training program that improved team efficiency and patient care delivery.
- Successfully passed the Cardiac Vascular Nursing certification in 2021.

PROFILE

Compassionate and experienced Intensive Care Nurse with a focus on cardiac care. Over 10 years of nursing experience, specializing in managing patients recovering from cardiac surgeries and severe cardiac conditions. Highly skilled in the use of advanced monitoring equipment and therapeutic interventions. My nursing philosophy is grounded in holistic care, where I advocate for not just the physical but also the emotional and psychological well-being of my patients.

EXPERIENCE

CARDIAC INTENSIVE CARE NURSE

Heart Institute

2016 - Present

- Managed critically ill patients post-cardiac surgery, providing comprehensive care and monitoring.
- Utilized advanced cardiac monitoring systems to assess patient conditions and initiate timely interventions.
- Developed and implemented individualized care plans in collaboration with cardiologists.
- Educated patients and families on heart health and recovery processes post-surgery.
- Documented patient care activities and outcomes in compliance with hospital protocols.
- Participated in research initiatives that led to a 30% reduction in post-operative complications.

REGISTERED NURSE

City General Hospital

2014 - 2016

- Assisted in the management of patients with acute coronary syndromes and heart failure.
- Performed comprehensive assessments, identifying changes in patient conditions promptly.
- Collaborated with interdisciplinary teams to establish effective treatment plans.
- Facilitated patient and family education related to cardiac care and lifestyle modifications.
- Participated in quality improvement projects that enhanced patient care standards.
- Mentored new nursing staff, supporting their transition into the cardiac unit.
