- Successfully completed multiple projects ahead of schedule.

WORK EXPERIENCE

INTERFACE DESIGNER

Digital Creatives

2020 - 2025

- Developed user interfaces for various digital products, resulting in improved user navigation and satisfaction.
- Collaborated with UX researchers to implement findings into design iterations.
- Created wireframes and prototypes to facilitate stakeholder feedback.
- Participated in sprint planning sessions to ensure timely delivery of design assets.
- Monitored and evaluated design performance through user analytics.
- Adapted design strategies based on user testing results to enhance usability.

JUNIOR INTERFACE DESIGNER

Startup Solutions

2015 - 2020

- Assisted in the development of user interface designs for web applications.
- Collaborated with senior designers to refine design concepts and layouts.
- Utilized design software to create assets for various projects.
- Gathered user feedback to inform design improvements and iterations.
- Maintained project documentation and design files for future reference.
- Engaged in team meetings to contribute ideas and solutions to design challenges.
